TITLE

$\frac{1}{2} \left(\frac{1}{2} \right) = \frac{1}{4}$

the *Journal of the American Medical Association* (JAMA) and the *British Medical Journal* (BMJ) are the most widely read and cited medical journals in the world. They are both published weekly and contain a wide range of articles on medical research, clinical practice, and public health. The JAMA is published by the American Medical Association (AMA) and the BMJ is published by the British Medical Association (BMA). Both journals are highly respected and their articles are often cited in other medical journals and in the media.
